Premiums are deducted twice per month beginning with the first pay period in June. In months with 3 pay periods, deduction is taken from the first two checks of the month.

¹Flex dollars are added to the faculty member's pay twice per month to help offset any insurance premium cost. Kirkwood pays the single premium at the PPO Premier level.

\$4,380 PPO Premier annual base flex dollars

\$5,076 PPO Choice annual flex dollars (base flex dollars plus the difference between the single premium for PPO Premier and PPO Choice).

\$6,348 HMO Essential annual flex dollars (base flex dollars plus the difference between the single premium for PPO Premier and HMO Essential).

² A positive number in this column means the flex dollars provided to help offset the cost of insurance premiums were greater than the employee's cost. A negative number reflects that the flex dollars added to the employee's pay did not cover the full cost of insurance premiums.
